## FIRESTONE INDUSTRIAL PRODUCTS APPOINTS BRADLEY GARWOOD NEW HEAVY DUTY SALES REPRESENTATIVE, NORTHEAST REGION

INDIANAPOLIS, Ind., USA (July 12, 2010) — Firestone Industrial Products Company LLC, a global leader in air spring manufacturing, recently appointed Bradley Garwood as the company's new heavy duty aftermarket distribution sales representative for the Northeast region. Garwood is responsible for all sales to distributors, as well as account management operations.

"Brad's impressive sales and industry experience is a valuable asset to Firestone Industrial Products and its customers," said Michael Sigillito, sales and marketing director at Firestone Industrial Products. "As we work to grow the company's market share and our customer base, knowledgeable team members, such as Brad, are instrumental in meeting our goals."

Prior to joining Firestone Industrial Products, Garwood spent six years at Pioneer Automotive Technologies. Hired as a sales engineer and later promoted to program manager, Garwood handled all speaker sales, engineering and customer quality issues. He has also served in engineering-related positions with Kaman Industrial Technologies, Amtran Corporation and Alitec Corporation.

Garwood holds an Associate's Degree in drafting technology and a Bachelor of Science in mechanical technology from Indiana State University, Terre Haute, Ind.

#### **About Firestone Industrial Products Company, LLC:**

*Firestone Industrial Products Company, LLC, a subsidiary of Firestone Diversified Products, LLC, specializes in air spring manufacturing and technology with a history of more than 70 years of research and development of technologically advanced air springs for the global marketplace. With headquarters in Indianapolis, Ind., and quality-certified manufacturing/assembly plants and technical centers throughout North America, South America, Europe and Asia, the company produces suspension products for commercial trucks & trailers, cars, sport utility vehicles, light trucks, minivans, vans and motor homes. Firestone facilities are ISO-14001, ISO-9001 and TS-16949 Certified.*
